Mr. Watkins had shown a sample of the claimed molding. Mr. Watkins had questioned whether certain language added to the claims would serve to read over the applied or cited prior art. However, Examiner had indicated that no determination could be made as to patentability of certain language or, for that matter, whether certain claims, (such as any directed to method of installing the molding), would be entertained along with claims to article of manufacture upon filing of an RCE.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
